## **NeuroMetrix Continues Progress to Launch of Quell Wearable Pain Relief with Availability of iOS App**

WALTHAM, Mass.--(BUSINESS WIRE)-- NeuroMetrix, Inc. (Nasdaq: NURO) reported today the Quell™ app is now available in the Apple app store. Quell is an over-the-counter wearable pain relief device that utilizes proprietary non-invasive neurostimulation technology to provide relief from chronic pain. The device is designed for people with conditions such as diabetic nerve pain, low back and leg pain, fibromyalgia and pain associated with osteoarthritis. The advanced wearable device is lightweight and can be worn during the day while active, and at night while sleeping. It has been cleared by the FDA for treatment of chronic pain without a prescription.

The app enhances Quell by providing the user with a real-time therapy dashboard, therapy and sleep tracking over weeks and months, the ability to customize their Quell device, and instructional videos. Quell communicates with mobile devices running the app through Bluetooth® Smart.

### **About NeuroMetrix**

NeuroMetrix is an innovative health-care company that develops wearable medical technology and point-of-care tests that help patients and physicians better manage chronic pain, nerve diseases, and sleep disorders.
